

BRANCH UPDATE

COVID-19

At Shrewsbury Federal Credit Union, our members and employees are our main priority. We are taking additional measures to ensure we stay ahead of the Coronavirus (COVID-19).

With the current information available from the CDC, WHO and our local leaders, we have decided to limit access to our branch at this time. In-branch visits will be made by appointment only by calling 508-845-6755. Our drive-up window will remain open and operate on the normal schedule.

We encourage all SFCU members to take advantage of our mobile and home banking services, not only during this time, but as a way to make your life easier! If you have any further questions concerning Mobile or Online Banking, please contact us by phone to speak to a member service representative.

If you have any further questions concerning COVID-19 please visit <https://www.cdc.gov>

If you have any symptoms or have been exposed to COVID-19, we ask that you please refrain from coming into the branch.

Thank you for your understanding during this difficult time and please stay safe.
